**Dr. Charles Albers and Dr. Michael Jones welcome new staff to the Comprehensive Wound Healing Center at Pardee**

*(Hendersonville, N.C.)* Charles Albers, M.D., FACS, and Michael Jones, M.D., FACS, are proud to welcome two new employees to the Comprehensive Wound Healing Center at Pardee.

Leslie Cassell, RN, recently joined the team after more than 25 years of experience in home health and medical-surgical nursing. Taking on the center's first Registered Nurse position, Cassell will provide direct patient care and assist in the coordination of care between the center, each patient's primary care physician, and other clinicians that may be involved in treatment.

"Leslie has a great attention to detail and demonstrates a commitment to improving quality of life for the people we serve every day," said Dr. Jones.

Dusty McNabb joins the team as the front office coordinator. McNabb brings a substantial administrative background to her new role, as well as creative talents and an enthusiasm she has used in the service of our community as arts and events director of a local church for more than seven years.

“Dusty’s vibrant personality is a warm welcome to patients as they arrive at our center,” said Rachel Beal, program director of the Comprehensive Wound Healing Center at Pardee.

Cassell and McNabb join Dr. Albers and Dr. Jones at the center, a partnership between Pardee Hospital and Diversified Clinical Services, the leading national provider of wound care services with an 88 percent healing rate within 31 median days-to-heal and extremely high patient satisfaction rates.

For more information on the center, please call (828) 696-4284.
