**David Beaty, M.D., to discuss pelvic prolapse
at the Pardee Health Education Center**

(Hendersonville, N.C.) It is estimated that one in nine women will develop a form of pelvic organ prolapse by the age of 80. To help inform women of this common condition, David Beaty, M.D., with Pardee OB/GYN Associates, will discuss pelvic prolapse on Monday, March 21, from 12:30 – 1:30 p.m. at the Pardee Health Education Center, located in the Blue Ridge Mall.

This discussion will include the many causes of pelvic prolapse in women, how it may affect them in their daily lives, and the treatments and surgeries that are available to correct this condition.

This presentation is free and open to the public. Registration is required by calling 1-866-790-WELL.

[Pardee Hospital](http://www.pardeehospital.org) is a not-for-profit community hospital founded in 1953. The main hospital is licensed for 222 acute care beds and is the second largest employer in [Henderson County](http://www.hendersoncountync.gov). The hospital has several locations separate from the main campus, including an adult day services center, a health education center in the Blue Ridge Mall, home care services, a rehab and wellness center, a midwifery program, various family
