Dr. Charles Albers and Dr. Michael Jones welcome Anne Campbell to the new Comprehensive Wound Healing Center at Pardee

(Hendersonville, N.C.) Charles Albers, M.D., FACS, and Michael Jones, M.D., FACS, are proud to welcome Anne Campbell, RN, to the Comprehensive Wound Healing Center at Pardee.

“Her nursing experience in home health, as a wound care educator and inpatient wound consult nurse, make Anne an excellent addition to our team,” said Charles Albers, M.D., FACS, medical director of the Comprehensive Wound Healing Center at Pardee.

Campbell will join Dr. Albers and Dr. Jones at the center, a partnership between Pardee Hospital and Diversified Clinical Services, the leading national provider of wound care services with an 88 percent healing rate within 31 median days-to-heal and extremely high patient satisfaction rates.

As the center’s clinical coordinator, Campbell will be responsible for clinical management of the center, quality improvement and educating other nurses in problem wound management and hyperbaric medicine. She takes on this new role after 18 years of service to the community as a nurse with Pardee.

“Anne’s positive attitude is contagious,” said Michael Jones, M.D., FACS. “Not only is she clinically competent, but we have seen her presence make the treatment experience more enjoyable for patients.”

Campbell is originally from Western North Carolina and enjoys swimming, biking and the outdoors. She serves on the Ethics Committee at Pardee Hospital and teaches problem wound management as part of the hospital’s orientation process.

For more information on the center, please call (828) 696-4284.
