

# Our goal is your health: Is it COVID-19, a cold, or the flu ?

Symptoms of coronavirus can be very different from person to person - it is important to self-monitor and physically distance if you have any symptoms

## Recognize the Typical Symptoms:

Symptoms	Flu	Cold	COVID-19
Sneezing	✓	✓	
Runny nose	✓	✓ Often with thicker, colored mucus	
Post nasal drip	✓	✓	
Scratchy or sore throat	✓	✓	✓
Change in or loss of taste or smell			✓
Itchy/watery eyes	✓	✓	
Fever	✓	✓ <100.0 F	✓ >100.0 F
Cough	✓	✓ Often produces mucus	✓ Severe
Headache	✓	✓	✓
Fatigue	✓	✓	✓ Severe
Muscle/body aches	✓		✓
Shortness of breath	✓		✓

If you develop shortness of breath different than what you might experience with a cold or the flu, contact your primary care provider immediately. If you cannot reach your provider, seek immediate treatment. If you are extremely short of breath, call 911.
